MEDICAL CLERKSHIPS IN VARIOUS MEDICAL SPECIALTIES AND SUBSPECIALTIES

ROTATIONS

Center for Haitian Studies, Health & Human Services (CHS)/Greater Miami Health Education & Training Center Medical Clerkship Program

The Center for Haitian Studies, Health & Human Services (CHS), in collaboration with local hospitals, community health centers and community private practices offers medical clerkships in various medical specialties and subspecialties to students from local, national and international medical schools that meet the criteria for medical clerkships under the laws of the State of Florida and are certified by the State of Florida.

Students are placed in local hospitals and in outpatient clinical settings throughout South Florida.

CONTACT

Our program offers excellent opportunities for medical students to develop clinical skills and to learn about culturally competent approaches to the diagnosis and treatment of diseases among patients from various ethnic and cultural backgrounds.

MEDICAL EDUCATION

The Greater Miami Health Education and Training Center (GMHETC) at The Center for Haitian Studies, Health & Human Services, Inc. (CHS), with the collaboration of its academic affiliates, offers an excellent opportunity to local, national and international medical students, medical residents and physicians to obtain culturally competent educational experience in South Florida.

CHS provides:

- Culturally competent rotation in Family Medicine, Internal Medicine, Obstetrics/Gynecology, Psychiatry, Pediatrics and Surgery for medical students and residents from Haiti, other Caribbean Islands and US-based medical schools.

- Training on cultural sensitivity for health care and social service providers working with Haitian populations in the U.S. and Haiti. A significant number of health and social workers travel to Haiti for humanitarian endeavors. CHS has the necessary resources to train and prepare them to face the challenges of providing services in Haiti.
